### Notes About Men and Their Doings in the Two Great Fields of National Pastime.

Roger C. Sullivan is a man of the people. He never got away from them and they will be with him to the finish.

President Macaroni tied up the county work good and fast.

How many men in the Special Assessment and Board of Public Improvements stand in with cement grafters?

Here is the record of the fat jobs held by Appetite John Traeger from 1897 to date:

1897, Town Collector, Town of Lake.

1898, Town Collector, Town of Lake.

1899, Town Collector, Town of Lake.

1900, Coroner, Cook County (December).

1901, Coroner, Cook County.

1902, Coroner, Cook County.

1903, Coroner, Cook County.

1904, Coroner, Cook County.

1905, City Collector, City of Chicago.

Woman's Suffrage is a menace to the community. The women who take pride in it are led by the dry goods store handbills, called newspapers in Chicago, which are against everything that is not effeminate in politics, and against everything that would make tax dodgers cough up their just dues to the public.

## E. BROWN ON CHAMPIONSHIP COMMITTEE

Everett C. Brown, Member of Championship Committee of A. A. U.

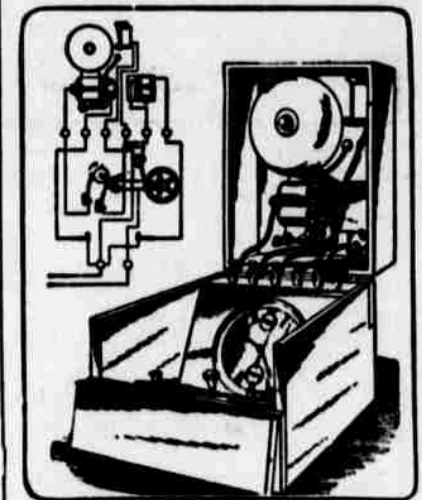

President A. J. Lill of the National A. A. U. has recognized the work of Everett C. Brown, who was director-general of the international athletic championships in Chicago last summer, by appointing Mr. Brown on the championship committee of the A. A. U. This committee is considered the most important in the A. A. U.

The other members are: James E. Sullivan, Bartow S. Weeks, New York; E. E. Bab, Boston; C. P. Curran, St. Louis; George F. Pawling, Philadelphia; George T. Turner, Baltimore; T. Morris Dunne, Portland, Oregon.

### TIMING DEVICE FOR SPORTS

Apparatus is Especially Adapted for Contests Where Limited Time is Allowed for Preparation.

In describing a timing apparatus for sports, invented by W. F. Minor of 480 Ninth avenue, Manhattan, N. Y., the Scientific American says: This invention operates a signal at certain spaced intervals. The timing

device is adapted to be used in sports and contests where a limited time is allowed for the preparation, and also for the execution or for the contest, the device automatically measuring off these respective times in succession, and thereby obviating any charge that the official of the events may not be fair or correct in his timing.

### DEATH LIST FOR 1913 IS 14

One Hundred and Seventy-five Other Players Were Injured in Football Season Just Closed.

Fourteen players were killed and 175 were injured in football games in the season which virtually closed Saturday. This record of casualties is only slightly below that of 1912, when 13 players met death and 183 were injured.

Of the 14 deaths, 13 succumbed to injuries occurring this year. The fatalities resulted, with few exceptions, from fractured skulls, broken necks or spinal injuries.

Only two university players were killed. Vernon Belyea of the Norwich (Conn.) varsity was thrown heavily in a game with Holy Cross and died three days later. Edward Morrissey, captain of St. Ambrose varsity, suffered a broken leg September 25 and died of blood poison.

### Status of Rhodes Scholars.

A meeting of the Oxford (England) athletic committee was held to consider the question of Rhodes scholars competing in the freshmen's sports. Two resolutions were adopted. First, that residence at any other time in any other university or similar institution shall disqualify a student from competing in the freshmen sports, and, second, that in the Oxford university athletic club's sports, no competitor shall be allowed who is over twenty-four years of age. The resolutions will go into effect next October.

### Johnson Turns Down the Stage.

Walter Johnson, the sensational pitcher, turned down a theatrical engagement which would have netted him \$15,000 in ten weeks. He was made a proposition by the agent of a booking firm to do a monologue turn on a vaudeville circuit at \$1,500 per week and a ten-week contract.

### Sullivan Retires.

John L. Sullivan, remembered by old-time fans as the greatest of bare knuckle fighters, has announced his retirement from public life. The big fellow will spend the remaining days of his life on a farm, purchased with the money garnered from his prowess in the roped arena.

## GOV. JOHN K. TENER'S VIEWS

Recently Elected President of the National League Discusses National Game—Must Be Clean.

Here are six cardinal views of Gov. John K. Tener of Pennsylvania, who has just been elected to a four-year term as president of the National league at a salary of \$25,000 per annum, upon the national game:

1. The game must be kept absolutely clean.
2. Baseball needs no doctor. If everything else were as healthy as baseball physicians would go out of business.
3. Present-day players are no better than the oldtime players, but they give more attention to detail.
4. Mathewson should not be allowed to quit the game. A man who had his ability to hold up the high standard of

Governor Tener, Recently Elected President of National League.

the game should get a club franchise when his playing days are over.

5. Umpires should rule the field, but at the same time should consider the public.

6. I am proud of having been a professional baseball player.

In an interview Governor Tener pointed out what he will try to do: "I will not try to assume the role of doctor," said Mr. Tener, a big, robust six-footer. "It will be my purpose to see that the game is kept sanitary and avoid the little things which might tend to bring on disease. Baseball is healthy."

"I would like to be a constructive leader. It is my ambition to build. The one great feature of the success of the American league is that President Johnson has taken a personal hand in guiding its destinies to keep it on an even keel."

## GOSSIP AMONG SPORTS

Wick Curry has been the busy boy among the yearlings, having driven 15 of them to standard records.

Admiral Dewey, 2:04%, was the fastest trotter developed in 1905 and his son, Lord Dewey, 2:03%, has the same honor for 1913.

Robinson, the new manager of the Brooklyn club, is trying to land Milton Cook, the young shortstop of the Giants.

Reports from Cuba are that Mendez, the wonderful Cuban, who is called the "Black Matty," has regained the use of his arm.

Ty Cobb probably tries more bone-head plays than any other fellow in baseball, but has the legs to get away with them.

Only three American league hurlers worked in over 300 innings each last season. They were Johnson, Russell and Scott.

Christy Mathewson is just like wine, says a Cincinnati scribe. The wonderful pitcher of the Giants seems to become better as the years roll by.

"Wildcat" Ferns of Kansas City was practically knocked out by Mike Gibbons of St. Paul at New Orleans in the second round of what was to have been a ten-round bout.

The success of the Michigan Aggies may lose them their coach, John Macklin (Penn.). He has accomplished wonders in two seasons and may accept offers to go east.

Manager Hugh Jennings says he will assign Billy Purcell, who was drafted from Jersey City by the Tigers, and who once played with the White Sox, to third base next spring.

Bob McAllister, the California midweight, made his first appearance in the east at New York in a ten-round bout with Young Mike Donovan, and cleverly outpointed his man throughout.

The new stadium of the college of the City of New York, ground for which was recently broken, will have a cinder track, a mile straightaway, a gridiron and a diamond. It will be finished before the opening of the 1914 college year, and will cost \$200,000.
